

INDUSTRIAL COMBUSTION COORDINATED RULEMAKING
Coordinating Committee
April 28 -29, 1998
Fort Collins, Colorado

Holiday Inn University Park
425 West Prospect Rd.
Fort Collins, Colorado
(970-482-2626)

DRAFT AGENDA

Notes:

- C Business Casual” is acceptable attire for all Coordinating Committee and Workgroup meetings
- C Materials posted on the TTN one week or more prior to the meeting will not be provided at the meeting. Please bring your own copies. See below for location of documents that will be used directly during the meeting.
- C Please remember that the new address of the TTN on the Internet is:
www.epa.gov/ttn/iccr
- C A tour of the Engine & Energy Conversion Lab (EECL) at Colorado State University will be conducted Tuesday afternoon, April 28 for those who have signed up in advance. Preceding the tour, a 30-minute presentation by EECL Director Dr. Bryan Willson, will be given in the CC meeting room at 4 pm to which everyone is invited. If you want to reserve a place on the bus tour please contact Sheri Manzi or Jay Holden at (970) 490-1418 or smanzi@lamar.colostate.edu no later than Tuesday, April 21.

Major Meeting Objectives:

- C To be informed about Work Group decisions/closure and formulate recommendations to EPA, if appropriate:
 - S Turbines Work Group (MACT Floor for Existing Turbines / Test Plan)
 - S Incinerators Work Group (Landfill Flares / Halogenated Gas Streams / Scrap Metal Recovery)
 - S Boilers Work Group (Phase I Testing Plan / HAPS of Interest)
- C To be informed about Work Group progress and provide feedback/guidance to the Work Group, as appropriate:

- S** Incinerators Work Group (Draft RAP)
- S** IC Engines Work Group (Preliminary MACT Floor for Existing Units)

- C** To be informed about Pollution Prevention Subgroup closure and formulate guidance to Work Groups and extend charter, if appropriate.

Location of Documents on TTN Needed for the Meeting

Please go to the following address on the Internet: www.epa.gov/ttn/iccr/cdir4.html

10:55 am	Public Comment and Opportunity to Exchange Ideas with the Committee
11:10 am	Turbines Work Group Committee Closure and Formulation of Recommendations to EPA, If Appropriate
11:25 am	Incinerators Work Group Information Presentation and Committee Discussion C Draft RAP
12:00 pm	Public Comment and Opportunity to Exchange Ideas with the Committee
12:15 pm	Continued Committee Discussion of Incinerator Work Group Presentation and Formulation of Feedback to Incinerator Work Group, If Appropriate
12:30 pm	Lunch
1:30 pm	Incinerator Work Group Closure Presentation and Committee Discussion C Landfill Flares / Halogenated Gas Streams / Scrap Metal Recovery
2:00 pm	Public Comment and Opportunity to Exchange Ideas with the Committee
2:10 pm	Incinerator Work Group Committee Closure and Formulation of Recommendations to EPA, If Appropriate
2:25 pm	Break
2:35 pm	Pollution Prevention Subgroup Closure Presentation and Committee Discussion C Operator Training / Extension of Charter C Pollution Prevention Metrics C Regulatory P2 Options (Waste Accounting and Recordkeeping; Work Practice Standards) C Request for Extension of Pollution Prevention Subgroup Charter

- 3:10 pm Public Comment and Opportunity to Exchange Ideas with the Committee
- 3:20 pm Pollution Prevention Subgroup Committee Closure and Formulation of Guidance to Work Groups, If Appropriate
- 3:35 pm Pollution Prevention Subgroup Informational Presentation, Committee Discussion, and Feedback to Subgroup
- 3:50 pm Overview of Tomorrow's Agenda
- 3:55 pm Adjourn

[Please see note above about optional presentation and tour of the Engine & Energy Conversion Lab (EECL) at Colorado State University]

Wednesday, April 29, 1998

- 8:30 am Convene and Agenda Review
- 8:40 am Boiler Work Group Closure Presentation and Committee Discussion
C Phase I Test Plan
- 9:45 am Public Comment and Opportunity to Exchange Ideas with the Committee
- 10:00 am Boiler Work Group Committee Closure and Formulation of Recommendation to EPA, If Appropriate
- 10:30 am Break
- 10:45 am Boiler Work Group Closure Presentation and Committee Discussion
C HAPS of Interest
- 11:10 am Public Comment and Opportunity to Exchange Ideas with the Committee
- 11:30 am Boiler Work Group Committee Closure and Formulation of Recommendation to EPA, If Appropriate
- 12:00 pm Lunch
- 1:15 pm Engine Work Group Information Presentation and Committee Discussion
C Preliminary MACT Floor for Existing Units
- 2:00 pm Public Comment and Opportunity to Exchange Ideas with the Committee
- 2:15 pm Continued Committee Discussion of Engines Work Group Presentation and Formulation of Feedback to Engines Work Group, If Appropriate

2:45 pm	Economics Work Group Information Presentation
3:00 pm	National Gas Combustion - Status within the ICCR Process C Introduction of Topic Suggested for Discussion at July Meeting
3:10 pm	Committee Questions on Work Group Status Reports Posted to the TTN
3:25 pm	Committee Suggestions on Increasing Small Business Participation
3:40 pm	Milestone Tracking Subgroup Report
4:00 pm	General Business and EPA Feedback C Membership Changes C Committee Recommendations on Direct-Fired Process Heaters C Committee Request for Written EPA Statement Regarding Solid Waste Definition C Overview of ICCR Budget Status C Timeline for Effective Committee Input to EPA and Ongoing Review of ICCR Progress
